Abstract. In the globalization process, the advantages of teaching foreign languages are many. And now many people are learning foreign languages because foreign languages are also becoming important for us. Globalization has established a stable position in educational discourses during the last few decades. Although social scientists and critical theorists disagree on its exact scope and effects, globalization is unquestionably a key idea that influences institutional goals and policy choices. This has a substantial effect on research and teaching related to foreign languages.

Keywords. *Different context, global, choices, multilingual, skill, teamwork.*

Аннотация. В процессе глобализации преподавание иностранных языков имеет множество преимуществ. И теперь многие люди изучают иностранные языки, потому что иностранные языки также становятся для нас важными. За последние несколько десятилетий глобализация заняла устойчивую позицию в образовательных дискурсах. Хотя социологи и критические теоретики расходятся во мнениях относительно ее точных масштабов и последствий, глобализация, несомненно, является ключевой идеей, влияющей на институциональные цели и выбор политики. Это оказывает существенное влияние на исследования и преподавание, связанные с иностранными языками.

Ключевые слова: *другой контекст, глобальный, выбор, многоязычие, навыки, командная работа.*

Annotatsiya. Globallashuv jarayonida chet tillarini o‘qitishning afzalliklari ko‘p. Hozir esa ko‘pchilik chet tillarini o‘rganmoqda, chunki chet tillari biz uchun ham muhim ahamiyat kasb etmoqda. So‘nggi bir necha o‘n yilliklarda globallashuv ta‘lim nutqlarida barqaror o‘rin egalladi. Ijtimoiy olimlar va tanqidiy nazariyotchilar uning aniq ko‘lami va ta‘sir bo‘yicha kelishmasalar ham, globallashuv, shubhasiz, institutsional maqsadlar va siyosat tanlashga ta‘sir qiluvchi asosiy g‘oyadir. Bu chet tillari bilan bog‘liq tadqiqot va o‘qitishga sezilarli ta‘sir ko‘rsatadi.

Kalit so‘zlar: *Turli kontekst, global, tanlovlar, ko‘p tilli, mahorat, jamoaviy ish.*

Inroduction. In Improved communication skills-TCPs can improve students' communication skills with people from different lingual and cultural backgrounds. This

involves developing an awareness and different contexts. Foreign languages expand one's view of the world, liberalize one's experiences, and make one more flexible and tolerant. Foreign languages expand one's world view and limit the barriers between people: barriers cause distrust and fear. Foreign language study will completely change your traveling. It opens you up to new cultures and to the fruits of diversity.

Speaking a second or third language will boost confidence and increase self-esteem. In a globalizing world, knowing a second or third language gives you an advantage career-wise. Effective International Communication's Advantages Effective international communication becomes especially crucial if your staff is multicultural. Improved commercial prospects and increased demand for goods and services are two benefits of effective international communication. assist you in developing relationships when living abroad. Use Across Boundaries: English has emerged as the universal language of globalisation. It is the principal language of the internet, science, international business, and diplomacy. Because of its extensive use, English is now being studied and used as a second language by more individuals worldwide. Gaining proficiency in a second language enhances your ability to think critically, see clearly, solve problems, and retain information. In addition to increasing your sense of spiritual fulfillment, learning a second language enables you to accept cultural variety. It creates a wide range of opportunities and professional paths. Acquiring knowledge of multiple languages enhances your ability to recognize and comprehend a wider range of lipps. Learning a foreign language improves your competitiveness in the global job market and your employability. By communicating with possible employers, clients, colleagues, and partners from many nations and industries, you also broaden your professional network and chances. Gaining proficiency in a foreign language also aids in the development of other transferable qualities like flexibility and teamwork that are valued in the job. The action that takes place between the teacher and the student to develop practically and accomplish the objectives of teaching a foreign language is known as the teaching technique. Every subject has a collection of ideas. The following are some of the key ideas recognized in foreign language methodology: educational system, educational instrument, and principles. Learning the fundamentals of teaching a foreign language is required of those who decide to become foreign language instructors.

It is particularly crucial these days to speak foreign languages. While traveling overseas is a reason for some people to acquire languages, learning languages is a passion for others. Anyone who speaks a foreign language may communicate with people from other nations and read works by foreign authors in their original languages, which broadens their horizons. The fact that many intelligentsia and highly educated individuals are multilingual is not surprising.

Conclusion: Well said! The ability to communicate in multiple languages not only enhances individual opportunities but also fosters understanding and collaboration across different cultures and communities. By embracing foreign language education, we can

navigate the complexities of our interconnected world. It is indeed a valuable asset in preparing the next generation for success in a diverse and multicultural society.
